Economic Outlook

CPI for Oct'16 inched up to 4.21%YoY compared to 3.88%YoY in Sept'16. This took the average CPI to 3.94% in 4MFY17. The CPI increased by 0.81%MoM in comparison to an increase of 0.20% in the preceding month. The monthly increase in CPI was due to high food inflation (+0.88%) and quarterly adjustment of house rent. Housing, water, fuel & lighting segment constitute 29% of the index and was up by 1.41%MoM and 4.90%YoY. Core inflation (Non-food non-energy CPI) increased by 5.2%YoY in Oct'16 as compared to increase of 4.8%YoY in Sept'16. On monthly basis, it increased by 0.9% in Oct'16 as compared to increase of 0.3% in the preceding month. We are expecting inflation to remain in the range of 4.0%-4.5% which is less than the SBP target of 6%.

The current account balance improved by 280%MoM as it stood in deficit of US\$ 161mn from deficit of US\$ 612mn in the preceding month. However sluggish exports, dropping remittances and surging imports during 1QFY17, widened the deficit to US\$ 1,368mn against the deficit of US\$ 579mn for the same period last year, depicting an increase of 136%YoY.

During the month government issued Sukuks of US\$ 1bn with maturity of 5 years. The government received bids of US\$2.5bn with considerably low rate of 5.50% against of 6.75% of the issue floated in 2014. The proceeds from this issue helped the country's foreign exchange reserves to surge beyond US\$ 24bn for the first time and stood at US\$ 24.19bn as on Oct 28, 2016. Growing foreign exchange reserves propelled Pak rupee to trade within a narrow band against the US dollar.

During the month rising political noise related to Panamagate and expectations of jump in price level kept the bond market volatile. In secondary market, yields inched up by 17 and 15 bps for 5 and 10 years bonds respectively.

In the PIB auction held during the month, bids worth Rs.75.02bn were received against the target of Rs.100bn, all bids were quite high as compared to last month cut-off yields and were rejected. Government raised 170.06bn in two auctions for t-bills against the target of 450bn. In second auction the cut-off yields remained flat for 6 and 12 months, while increased by 5bps for 3-months tenor.
